

# Image Processing: EE604

Discussion session: I

---

Dr. Tushar Sandhan

# Introduction

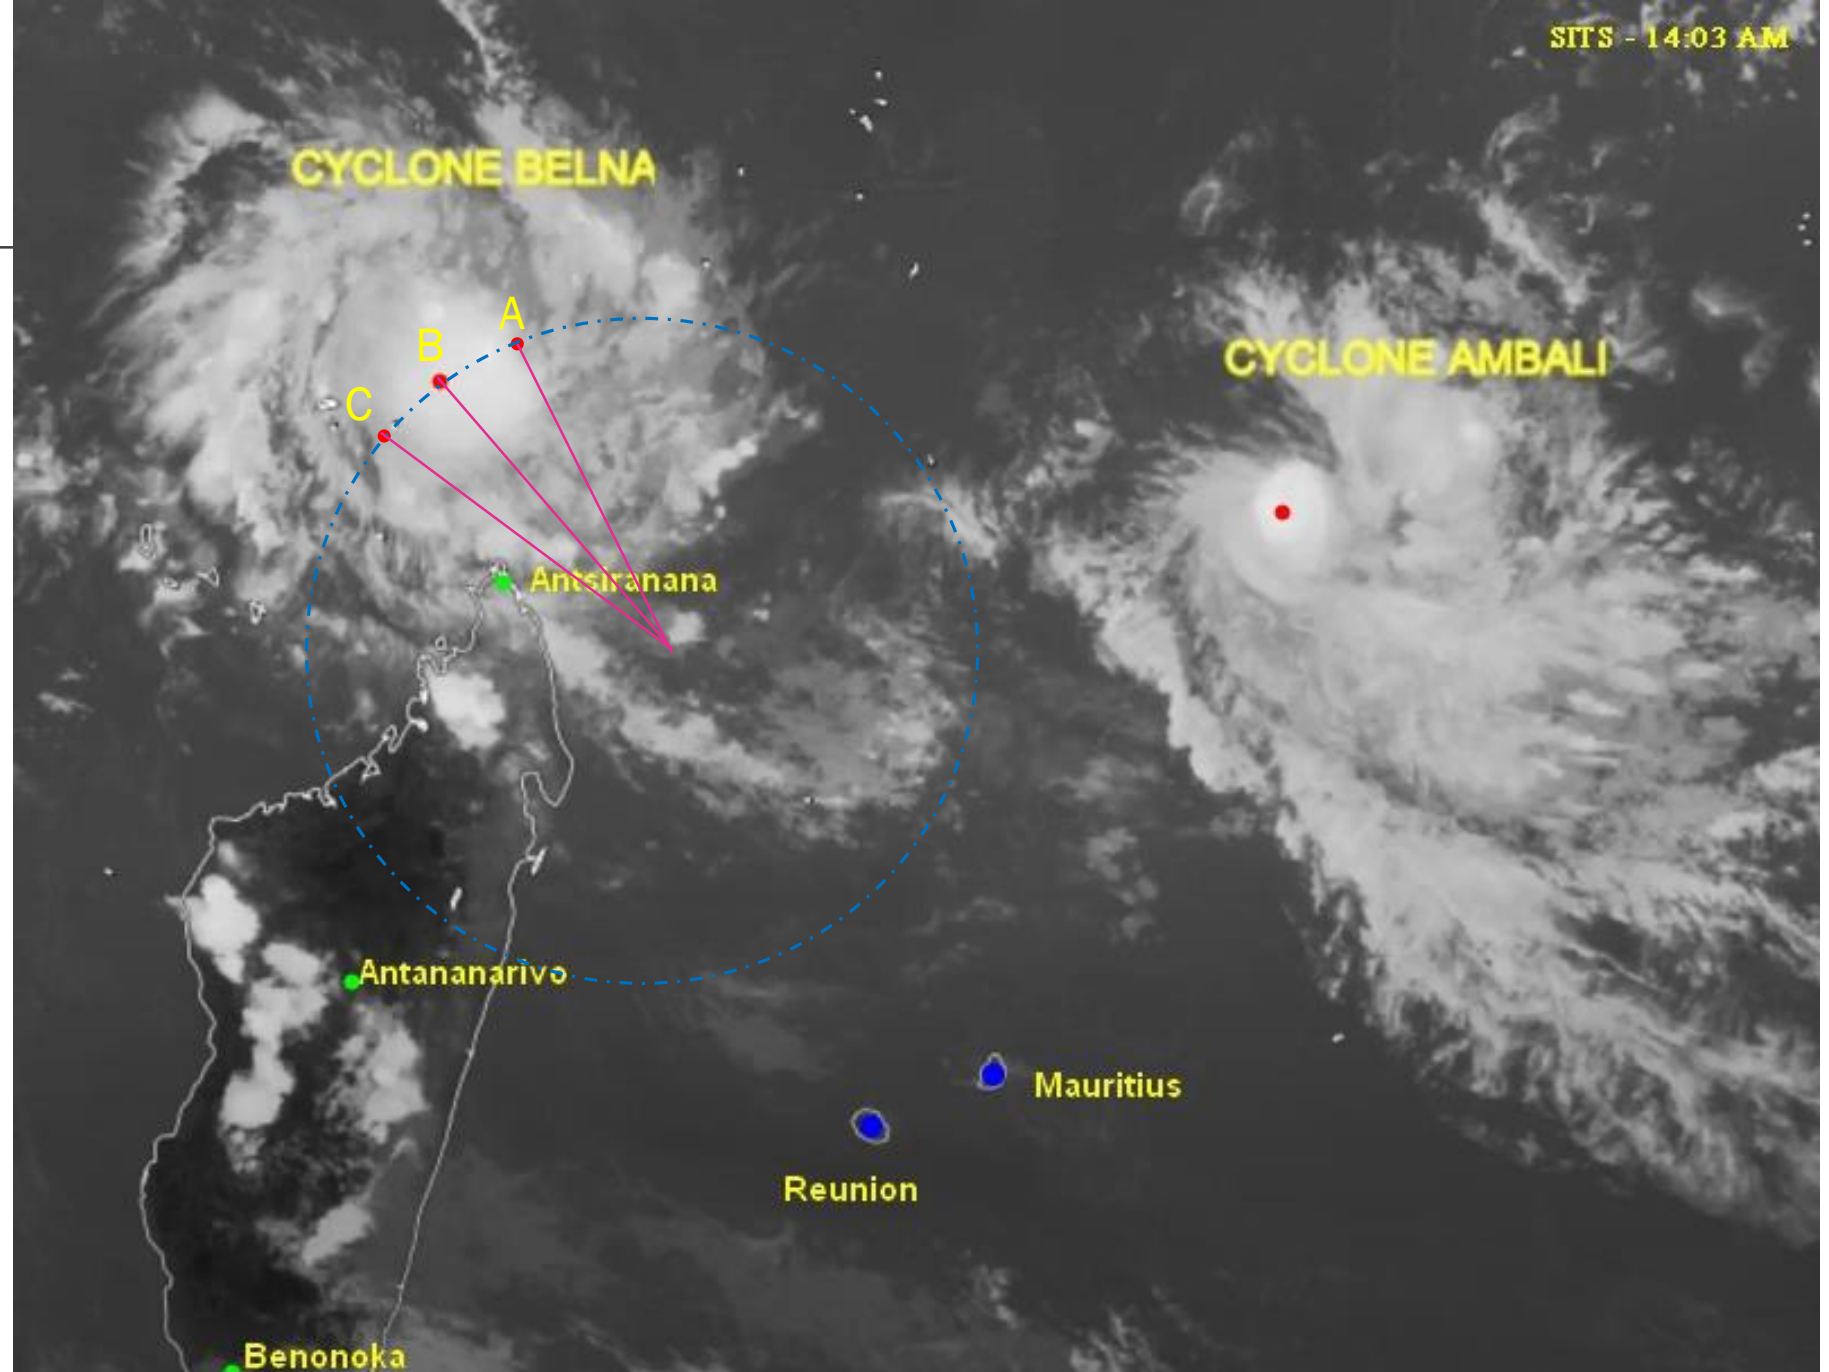

---

- Assignment discussion
  - few summary images are attached here
- Student's general doubts discussion
- Completion of previous remaining lecture

# Q3

## ○ Trajectory

- BC should be more linear than AB arc
- Other non-linear curve unique trajectory needs more sample points
- Only option left is linear trajectory

# Q3

## ○ Pixel sep to Km mapping

- Earth is spherical
- Distances are curved on ground vs flat on pixels
- Different mapping at different regions
